For WaH service it is mandatory for the member to have a working broadband Internet connection with a working Wi-Fi Router at his / her own cost.

The Member needs to purchase a package of pre-selected SMART devices from the Service Provider.

Once the SOS button included in the pre-selected SMART devices is activated or the Member calls the Nation Alarm Centre (NAC) from his / her mobile phone or their landline phone in an emergency to raise an alarm, the NAC will immediately contact the enlisted ambulance service providers for immediate transportation to the pre-selected hospital along with a Service Provider nominated person who will escort the Member to the hospital and will assist with the hospitalization process.
